Seton Family of Hospitals

Give the gift of time

Volunteers are needed for the new Seton Medical Center Williamson that will be opening in February 2008. Every department in the hospital has requested volunteer staff requiring the placement of over 350 volunteers before the hospital opens. We are seeking volunteers for the gift shop, patient floors, information desks and more. If you have further questions, please contact Debi Bankhead, Director of Volunteer Services, at dbankhead@seton.org or 324-4105. Complete an online volunteer application at www.setonwilliamsonfdn.org/volunteers.
